

Interactive Workshop for the EU-South Asia Start-up Internationalization Helpdesk Generic Support and Matchmaking Friday, June 18, 2021 2.30-4pm SL/IST and 11am – 12.45 CEST

Background:

Under the EU-Sri Lanka Innovation Partnership (EU-SLIP) initiative we had launched a program called the EU- South Asia Start-up Internationalization Helpdesk. One of the key objectives of the Start-up Helpdesk is to support start-ups from the EU and Sri-Lanka/South Asia access the Sri-Lanka/South Asia and European markets respectively.

We received an overwhelming response with over 60 enquiries for the EU-South Asia Start-up Helpdesk. While we are providing 5 of them with Hands on Support, as of now we have about 50+ that we are providing generic support to in terms of networking and information. Helpdesk Start-ups are today all registered on GTI a common tech display, scouting, networking and online matchmaking and discovery platform. Start-ups can also connect with each other on GTI to scout for partnerships and discuss on further possibilities of collaboration.

Furtheron, offline we are organising an Interactive Workshop for the start-ups who are part of the EU-South Asia Helpdesk Start-ups on 18th June 2021. This hybrid online-offline matchmaking opportunity is to enhance collaboration, co-creation and market access exploration opportunities.

About the Interactive Workshop:

The Interactive Workshop for the EU-South Asia Helpdesk Start-ups is to facilitate networking and matchmaking session for 45+ Helpdesk start-ups. The workshop will also help the start-ups to understand market access and internationalisation strategies for the EU and South Asian market.

Objectives:

- Networking, matchmaking, exploring partnerships and co-creation with international start-ups
- Market access and internationalization
- Interactive workshop by Uglobally/ Startup Campus for Sri Lankan Start-Ups and Start-up council Sri Lanka for the European start-ups for EU and South Asia Market Access

Agenda

Start-ups to register by June 10th

Registration Link
